

XENON[®]

HEATING & AIR CONDITIONING

UP TO 92.1% AFUE MULTI-SPEED GAS FURNACE

Your **Xenon Heating & Air Conditioning** brand 92.1% AFUE gas furnace uses a multi-speed blower motor and sound-isolated blower assembly to reduce the noise levels common in other furnaces without these features. Add an insulated, heavy-gauge steel cabinet, and the result is...quiet comfort.

Unmatched combination of performance, efficiency and

affordability. That's just what you'll get with **Xenon Heating & Air Conditioning**.

Plus, we protect it with a strong warranty, a testimony to our faith in the quality of this product. **The Xenon Heating & Air Conditioning 92.1% AFUE Multi-Speed Gas Furnace** is protected by a **Lifetime Heat Exchanger Limited Warranty*** (good for as long as you own your home) and a **10-Year Parts Limited Warranty*** on all functional parts.

* Complete warranty details available from your Xenon Heating & Air Conditioning dealer or at www.goodmanmfg.com. To receive the Lifetime Heat Exchanger Limited Warranty (good for as long as you own your home) and 10-Year Parts Limited Warranty, online registration must be completed within 60 days of installation. Online registration is not required in California or Quebec.

UP TO 92.1% AFUE MULTI-SPEED GAS FURNACE

When operating at low speed, your **Xenon Heating & Air Conditioning** gas furnace consumes less energy to keep your home comfortable. In addition, the 92.1% AFUE rating on this gas furnace means that 92 cents of every \$1.00 of heating energy expense warms your home. Some older central heating systems are rated at 60% AFUE. The Department of Energy (DOE) established the AFUE (Annual Fuel Utilization Efficiency) system to calculate the annual operating cost of residential gas furnaces.

Xenon Heating and Air Conditioning's 92% Multi-Speed Furnaces feature a heavy-gauge, reinforced, fully insulated steel cabinet and durable baked-enamel finish that will stand the test of time.

Features of the Xenon Heating and Air Conditioning 92.1% AFUE Multi-Speed Gas Furnaces

- Aluminized-steel dual-diameter tubular heat exchanger
- Energy-saving, quiet four-speed circulator blower motor
- Durable hot-surface mini-igniter
- Electronic control board with self-diagnostics and provisions for electronic air cleaner and humidifier
- Quiet single-speed induced draft blower
- Corrosion-resistant, painted steel cabinet
